

Don't Get Caught on an Emotional Rollercoaster...

AGF SOUND CHOICES

Watching markets go up and down can be trying. Staying focused on the long term rewards investors.

For example, \$10,000 invested at the end of December 2001 would have grown to **\$47,309** by the end of December 2021, an annualized return of **8.08%***.

Market Timing is a Guessing Game

When market volatility occurs, it may be tempting to pull your money out of the market. But that can have a significant impact on your investments.

Just missing the top 10 days over the 20-year period cut your investment value in half – from **\$47,309** to **\$22,291**.
